

Information

for People with Both Medicare
AND Medi-Cal in Alameda County

Enrollment into managed care plans through Cal MediConnect has been postponed for people who live in Alameda County. It is scheduled to begin no sooner than July 1, 2015.

Cal MediConnect is a part of the California Coordinated Care Initiative, which changes the way people with Medi-Cal and Medicare get their care. The change is being made in eight California counties, including Alameda County.

What To Do To Protect Your Health Care

Some health insurance representatives are taking advantage of the change to sell you health coverage that may not be best for you. If you are considering making a change to your health coverage, talk with Health Insurance Counseling and Advocacy Program (HICAP). This nonprofit organization provides free, unbiased assistance with health coverage choices. Call HICAP's toll free number for help in your county: **(800) 434-0222**.

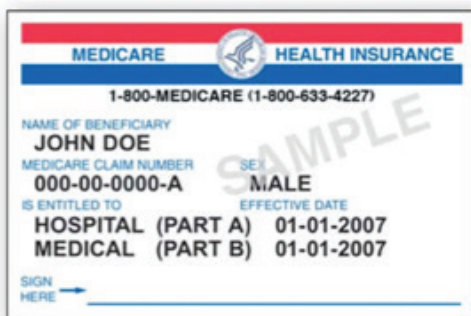

If you need help making decisions about your Medicare coverage:

Contact the Health Insurance Counseling and Advocacy Program (HICAP) at **(800) 434-0222**.

If you only have Medicare, these changes will not affect you. Medicare's annual Open Enrollment period (from October 15 through December 7) will still be your opportunity to assess your options and make changes.

If you live outside of Alameda County, this information may not affect you. Call HICAP's toll free number for help in your county: **(800) 434-0222**.

For updates and new information go to: **www.seniorservicescoalition.org** and select "Coordinated Care Initiative Consumer Materials." Or go to: **www.CalDuals.org**.
