PRESENTS

Making The Difference: Community Supports & Health for Older Adults

PLEASE PLAN TO ATTEND

The conditions in the social and physical environments in which people are born, live, work, and age can significantly influence their health outcomes. By addressing specific risk factors through social supports and services, we can make a meaningful difference in the lives of older adults.

Making The Difference will convene community-based service providers, health care professionals, health and social services agency leaders and policy makers in Alameda County to look at recent developments in policy, financing and innovative practice around the social determinants of health in older adults.

Our Purpose: To explore these topics in terms of their practical relevance in Alameda County.
