Successes

- *UCSF Optimizing Aging Collaborative - Geriatric Workforce Enhancement Program and Embracing Aging collaborative training launch - October 2021*
- 4M Framework Focus: Mentation, Mobility, Medication & What Matters

Ongoing Efforts

- Additional training launches
- UCSF data and evaluation review and analysis, leading to quality improvement and best practices

The Gaps and How we Plan to Address Them

- **Identification of additional training groups (Equity to all Stakeholders)**
 - Currently outreaching to County departments
- **Training expansion and continuation (Optimize and Strategize Options)**
 - Exploration of options with UCSF regarding extension of grant or ways to provide ongoing trainings
- **4M Framework incorporated into Alameda County departments (Accountability)**
 - Full implementation/inclusion in all services

2022 Priorities

- **Launch Multiple Trainings**
 - ◆ Local geriatric expertise
- **Partner with UCSF to review and analyze data**
 - ◆ Importance of partnerships with stakeholders
- **Incorporation of the 4M Framework into countywide services**
 - ◆ Why the 4M framework makes sense
- **Alignment with the Master Plan for Aging Efforts**
 - ◆ Health Reimagined, Inclusion and Equity, Housing, Caregiving that works, Affording aging
